E) Reasons for Seeking Nomination

It is on record that there has not been a postgraduate coursework student representative on the ACT Coursework Committee in this year and this paints a poor picture on the student body. The commitment in terms of time is obvious but serving on this committee should be seen as a service of no less importance than any other Christian ministry. Hopefully my involvement in the activities of the committee will bring me closer to both the student body at Vose and the wider ACT student population. It may also encourage future Vose student to consider offering themselves for similar roles, not to mention the opportunity to be involved in the academic direction of the Seminary.
